TOURISM INTERN (DIGITAL CONTENT AND TOURISM MARKETING)

Cedar Falls Tourism is seeking an organized, detail-oriented **Intern** interested in travel, storytelling, social media, and digital marketing. This position helps keep Cedar Falls Tourism's website, event listings and content fresh, accurate and useful for visitors and residents.

This is a short-term position up to 15 hours per week this school year paying \$12 per hour. Assignments may be related to public relations, social media, website, customer service, and office operations. This individual will report to the Manager of Cedar Falls Tourism and take general

direction from and assist Tourism staff. Duties may include, but not be limited to:

- Add, update and organize restaurant, shopping, attraction and lodging listings in the website content management system.
- Create trip itineraries and other digital marketing content for social media use.
- Visit local businesses, attractions and events to take basic photos for website and social media use.
- Help staff and volunteers with phone calls, visitors and basic office needs.
- Attend tourism meetings with staff and build connections in the Cedar Falls community.
- Assist with occasional special projects as assigned.

What We're Looking For:

- Strong attention to detail and accuracy.
- Good writing, proofreading, organizational and communication skills.
- Comfortable learning new technology and website tools.
- A good eye for basic photography and visual content.
- Dependable, organized and able to work independently.
- Interest in tourism, hospitality, marketing, communications, digital media, photography or a related field.

Position requires the completion of the 12th grade, or equivalent, successful completion of a post-offer, pre-employment physical and drug screen, background, and a valid driver's license and good driving record to drive City vehicles.

For consideration, apply online at <https://www.cedarfalls.com/jobs> (preferred) or print and complete an application from the above link and email to Jobs@cedarfalls.com or provide to Cedar Falls City Hall by mailing or delivering to: City of Cedar Falls, Finance & Business Operations Dept., Attn: Tourism Intern, 220 Clay Street, Cedar Falls, IA 50613. Position will remain open until filled, but applications received by 4:30 p.m. on Monday, October 12th will receive first consideration. Questions may be directed to Jennifer Pickar at 319-268-4266 or jennifer.pickar@cedarfalls.com

Winter vehicle maintenance starts now

Changing seasons expose vehicles to various conditions throughout the year. Although severe weather can occur at any time, the winter is known to be particularly harsh and can make it hard for a vehicle to function properly.

The National Highway Traffic Safety Administration says winter weather can cause extremely dangerous road conditions. An estimated 320 fatal traffic crashes occurred in the United States in 2023, and 22,293 injuries happened when there was snow or sleet conditions at the time of the crash. It is essential that drivers prepare their vehicles for winter weather. Properly winterizing a car can help prevent breakdowns and accidents, and also potentially save drivers from being stranded in the cold.

Here are some winter car maintenance tips to consider before the first storm of the season, courtesy of AAA and State Farm®.

- Test the battery. A driver needs a battery to be fully charged and in good condition to start the engine on cold winter mornings. Colder temperatures cause chemical reactions within the battery, which can make electricity slow down and hinder the vehicle's ability to reach maximum power. Check the battery prior to winter, and replace it, if necessary.
- Check fluids. Part of winter preparation is ensuring that all of the car's fluids are at the right levels and appropriate for low temperatures. This includes engine oil, windshield washer fluid, and antifreeze.
- Schedule a maintenance checkup. A mechanic can look at hoses and belts to check that they are in good working order. Cold temperatures can make belts and hoses more brittle and prone to breaking.
- Apply a windshield repellent. Scraping ice and snow off of windshields on winter mornings can be a frustrating and arduous task. Adding hydrophobic repellent like Rain-X to the windshield can make it easier to remove ice later on.
- Maintain tire pressure. As outside temperatures drop, so does tire pressure. Routinely check and inflate tires to the recommended pressure listed on a label located on the driver's side door frame.
- Inspect the wiper blades. Seeing clearly out of the windshield is important for safe winter driving. In addition to a properly working defroster, drivers will need wiper blades that can remove rain and snow. If any streaks or skips occur while using the wipers, it might be time for a new set.
- Conduct a brake check. A combination of snow, moisture, and salt on roads can contribute to rust on brakes and rotors. Symptoms of brake issues include noises, sticking brake pads, and slower stop times. Before the thick of winter, drivers are urged to have their brakes checked by a professional.

Winter is on the horizon, and vehicle owners should prepare their cars and trucks now for the rough weather to come.
